

# Longitudinal Plan Electronic Health Information (EHI) Export for Patient Population

## Understanding Longitudinal Plan data

Use the following link to gain an understanding of the Longitudinal Plan data that was gathered for the EHI Export from Data Syndication:

[https://docs.healthintent.com/feed\\_types/longitudinal-plan-edw/#overview](https://docs.healthintent.com/feed_types/longitudinal-plan-edw/#overview)

## Understanding Longitudinal Plan schema

To understand the data within the files returned for the EHI Export, select the V1 link in the Schema section of the link provided above, or use the link below to access the Schema page directly. The Schema page will describe the field definitions for each file in the EHI Export, including field, data type, and definition.
